HONORS COLLEGE HIGHLIGHTS

- **Proven Determination:** Completing the Honors capstone (or thesis) project shows employers and graduate schools your ability to work independently at a high level.

- **Learn Where You Live:** Freshmen and sophomores can live in Honors Living Learning Communities (LLCs), where like-minded students live together and share common Honors courses.
- **Individualized Programs:** Honors spans all majors with three options: an intradisciplinary program emphasizing the humanities and enhanced learning experiences; a business program, providing greater networking and entrepreneurial opportunities; and a science and mathematics program, emphasizing critical thinking and targeted research.
- **Get Social:** The competition is only as good as the community you build around it.
